

# LOWE HARDWARE

Immediate opening!

## **CNC LATHE PROGRAMMER / OPERATOR**

We are seeking an experienced CNC Lathe Programmer & Operator to join our team. Ideal candidate will have a minimum of five years experience with setup, programming, and operation of CAD/CAM systems. Must have the ability to translate detailed drawings and implement a successful plan of action for the production of small runs of parts.

Operational excellence, good organization and quality control, attention to detail, the ability to work successfully as part of a team, and good references are all required. Must have an interest and appreciation of being a part of a company that takes great pride in producing beautifully crafted, hand-finished products. This is a unique opportunity for the right person to work and grow with a dynamic and innovative, family-owned manufacturing company in desirable mid coast Maine.

This is a Full-Time Position, with benefits.

Pay commensurate with experience.
