

LOWE HARDWARE

No. 2001

---

MORTISE LATCH- SQUARE FLANGE

*The Lowe Hardware No. 2000 mortise latch for cabinet doors with a minimum thickness of  $3/4$  ".*

*A rectangular block of solid brass is CNC machined resulting in an accurate latch body  
with a  $1/8$ " faceplate thickness and square flange ends.*

*Cam and latch tongue are precision machined and assembled with stainless steel screws  
and a custom made stainless spring to provide the smoothest of action.*

*Available in custom and standard backsets starting at  $3/4$  " and up.*

*(Shown with our No. 5009 Knob).*

*Available in any of our yacht quality electroplated or patinated finishes.*
