

LOWE HARDWARE

No. 3100

*The #3100 drop ring pull is a marriage of 3 fully CNC machined components that work in perfect unity to maintain beauty and function. The ring swells slightly at its midpoint to enable a sure grip. Selective stainless steel wave springs between the ring and decorative hub keep the piece from rattling while under way out to sea.*

*In addition to a square cup, Lowe Hardware also manufactures circular ones with fastenings through the sides.*

*Any electro plated or patinated finish available.*

• DESIGNED, MANUFACTURED & HAND FINISHED IN MAINE SINCE 1977 •

73 SPRING STREET NEW YORK, NY 10012 (212) 390-0660
