

LOWE HARDWARE

No. 5025s

---

*The 5025s knurled knob defines a calculated balance of ornament applied to clean lines. A pinched cusp at the neck's base is another restrained element of decoration. The domed face enables various finishes as well as engraving to be additionally applied. Pictured with our 4710 rose.*

*All hardware is made-to-order. Details and dimensions can be modified to suit any project.*

*Available in any of our yacht quality finishes.*
