

LOWE HARDWARE

No. 4022

---

*Lowe Hardware's fully integrated door cuff can be used for both swing and pocket doors. The privacy function is operated by a thumbturn on one side and slotted emergency release opposing. An edge pull is incorporated into the design along with full vertical grips on the leading edge of the recessed cutout. For passage applications reference part No. 4021.*

*Available now in all of our premium yacht quality finishes.*
